

Chapter 1 : Blue Cross and Blue Shield of Illinois

Blue Care Connection Â® Blue Care Connection programs can help you improve well-being and the quality, cost and transparency of health care by promoting prevention and early detection. Use these resources to help you manage weight, control stress, stop smoking and stay healthy.

Very few doctors will take this insurance. Do yourself a favor and steer clear of this insurance. We require contact information to ensure our reviewers are real. We use intelligent software that helps us maintain the integrity of reviews. Our moderators read all reviews to verify quality and helpfulness. For more information about reviews on ConsumerAffairs. June 14, Extremely expensive dental plan. Then you have to pay one full year or premiums before you can qualify for any major service. This insurance is worthless. Do not fall for it. I had to switch to Physicians Mutual Insurance dental plan. If your company contracts with them for your health care, you might want to switch companies. But then, all American health care is rotten due to the cozy relationship our government maintains with insurance companies. April 18, If I could give a negative 10 I would. Wife has severe injuries to both feet that required an MRI as ordered by her specialist. The MRI shows that she has tears in tissue of the main tendon. She now has a cast on one foot for weeks and if not healed, then removal of tissue of another tendon from somewhere else in her body. Then repeat the same on the other foot!!! If the morons at BCBS had allowed the MRI at the time of the injury as noted by the doctor, this could have been a simple treatment procedure of just wearing a brace at night on each foot for a couple weeks. Real idiots at this insurance company. Now not only may it potentially be a major life altering event and multiple surgeries, but a very costly event going forward with no promises of her ever having both feet work properly once again. There should be open avenues for a patient or family to sue insurance companies for incompetence and also demand that future requests for specific tests, etc. From specialists, be reviewed by real and actual specialist doctors instead of some hourly paid customer service rep. Awful - just awful.

Chapter 2 : Top Reviews and Complaints about Blue Cross of Illinois

Blue Care Connection® Employers need innovative solutions to help employees and their families improve their health or reach their wellness goals. Blue Care Connection is Blue Cross and Blue Shield of Illinois' (BCBSIL) integrated suite of programs and services supporting healthy behaviors and outcomes provides that solution.

Blue Care Connection includes: Well onTargetSM Wellness involves making healthy choices that enrich the mind, body and spirit. Well onTarget is a program designed to give members the tools and support they need, while rewarding them for making healthy choices. To guide them in making healthy choices, participants will have access to a convenient, secure website which includes a health assessment, interactive tools and information as well as a points reward program. Condition Management These programs help our members with chronic disease by providing self-management guidance and external support services. As part of the Condition Management Programs, members receive educational materials, tools for self-care techniques and health counseling and coaching. We currently offer programs for asthma, diabetes, coronary artery disease, congestive heart failure, and chronic obstructive pulmonary disease. Nurse Care Advisors These are registered nurses trained to help members manage chronic health conditions. They provide health counseling and support to members over the phone. Case Management We offer case management services to members and their families who are facing a serious illness or injury. Our case managers are dedicated health care professionals with the qualifications and knowledge of member benefits and patient rights essential for navigating the sometimes complex maze of medical care. Learn more about Case Management. Behavioral Health Licensed behavioral health professionals help members access services and offer support with co-existing medical conditions or disorders such as anxiety, depression, etc. Prenatal Program We offer a prenatal program for moms-to-be and new mothers. Members are supported from early pregnancy through six weeks after delivery. This program is available to all members whose group health plans include maternity benefits. Tobacco Cessation Program BCBSNM offers a wellness program to help those members who want to quit smoking, as well as manage or improve their overall health. They can learn barriers to quitting, identify personal motivators, and learn about treatment options. As a program participant, members have access to resources and information via telephone. They can learn about maintaining a healthy weight, set goals and track progress, and plan activities to help reach goals. Members have access to resources and information via telephone. For medical emergencies, call or your local emergency services first. Fitness Program Regular exercise is an essential part of healthier living. Members and their covered dependents age 18 and older are eligible to participate in the Fitness Program and receive a flexible membership that allows them unlimited access to a network of more than 8, independently contracted fitness centers nationwide. Cost Estimator This tool helps members estimate and compare costs of tests and treatments. Learn the number of times a surgery or treatment was done by our network providers, as well as easily locate providers with Google MapsTM. Preventive Care Guidelines We are committed to helping members stay healthy. One way we do this is by making sure they have the information they need about preventive care the steps that members and their doctors take to keep well. Immunizations, mammograms, and cholesterol testing are all part of staying healthy. Download the current guidelines: Members can verify if they have access to BCC programs and services by calling the Customer Service number on the back of their ID cards, or by contacting their employer group benefits administrators. Members can check with their employer group benefits administrators for additional information. The Fitness Program is provided by Healthways, Inc. The Prime Network is made up of independently-owned and managed fitness centers.
