Research in the bayou with Christine Feehan photos! By Joyce Lamb January 25, Joyce Lamb January 25, Christine is sharing her experience doing some fun book research â€¦ Christine: I use the Internet, but prefer speaking to someone so I can ask questions. What do you hear as the sun is setting and nocturnal creatures come to life? I made one to San Francisco to attend a class about Shibari, a Japanese rope art which will feature prominently in my next Shadow series novel. I also Skyped with a rope master and find Skyping with experts to be a great way to gather details. My GhostWalker series is romantic suspense with paranormal and science-fiction elements. GhostWalkers are men and women who were part of an experiment to enhance psychic ability. The same military program that created these enhanced male soldiers had another even more secretive program that did genetic alteration experiments on women. These enhanced people go out on secret military assignments, or fight other types of dangerous villains. I do a great deal of science and military operations research, which means I talk to scientists, doctors and other experts in various scientific fields as well as speaking with military personnel who assist me with jargon, strategy and believability for the missions the GhostWalkers go on. Deep in the bayou outside of New Orleans is a military training facility, Stennis, that was once a top-secret establishment. Stennis is no longer a secret, but exactly what they do there is. On my recent trip, I spent several days on a variety of tours of New Orleans. Its rich history, varied architecture, culture and even its unique Cajun language intrigued me. I took tours of the bayou, seeing the swamp both during the day and at night. We got as close to Stennis as we safely could. Part of a classified government experiment, Zeke is a supersoldier with enhanced abilities. He can see better and run faster than the enemy, disappear when necessary and hunt along any terrain. But Zeke is different. His gaze, his touchâ€”they awaken feelings inside her that she never thought possible.

Christine Feehan has authored a number of adult books and series that largely reside within the realm of the paranormal romance genre with over 40 novels currently to her name now. Early and Personal Life Born in California amongst three brothers and ten sisters, she begun her publishing career in Even at school though she would continually find herself in trouble due to her love of writing as she has always pursued it. This is something that her sisters also came to discover as she would present them all with her work getting them to read and assess everything she wrote. She continues this trend with her daughters now who help her edit all her novels. Living with her husband, Richard Feehan, they have 11 children between them both. Her novels have been published in a number of different languages, as well as multiple formats including eBooks, hardcovers and even comics. She is also a New York Times bestseller with everyone of her series being four in total reaching the number one spot. During this time she has also gained seven Pearl Awards as well. This also includes around six other individual works scattered throughout the years. Christine Feehan also finds the time to attend conventions and various book signings, along with TV interviews such as The Montel Williams Show. Her books have also made fairly impressive movie style trailers which play in cinemas across the country. She continues writing to this day and promises to continue many of her series into the foreseeable future. Dark Prince Wrote in this is the first novel written by Christine Feehan and it marks the beginning of the Carpathian Novels. In it we see Raven Whitney, a telepathic who hunts serial killers. Looking to build herself back up she travels far away to relax and take her mind off things. This tranquility is quickly disturbed though when Carpathian Prince, Mikhail Dubrinsky, enters her life. Being the leader of an ancient race which rises up during the nighttime, he is both wise and powerful. The question remains though whether it will last or not. This book marked the beginning of the Carpathian Novels, a series revolving around an ancient and powerful race. Living for many thousands of years, they can shape-shift and extend their life-spans. To live they must consume human blood, but not enough to kill in the same way a vampire would. When male Carpathians are deprived of females though they lose all emotion as they begin to see the world in black and white, before fully turning into a vampire in the more traditional sense. It is now a race against time to save their souls and save their species by finding women to make them whole again. Featuring a classified experiment gone wrong, it tells the story of the brilliant scientist Peter Whitney and his equally gifted and beautiful daughter Lily. In the hope of creating psychic abilities for military usage by an elite squadron, unexplained fatal accidents start occurring as the men are slowly getting killed off. Enter Captain Ryland Miller who fears for his life. Once Whitney is killed, Ryland turns to Lily for help, as it turns out she also possesses innate psychic abilities. They then embark on a relationship that turns to romance, which is soon threatened by a deadly force that wishes its secret to remain hidden. This was the novel that Christine Feehan used to set-up the series of Ghostwalker Novels. Set within the realms of action and thriller, they employ elements of the paranormal and romance. Telling the stories of strong men and women, they dive into a world of intrigue and mystery which have been entertaining readers for many years now and should continue to do so. Jack Reacher is back! Exclusive cover reveal and excerpt: Joyce Lamb July 6, They survived a brutal upbringing in a Russian training facility for assassins. But when her past catches up with her, Breezy must go to Sea Haven to seek out the man who almost destroyed her. The man who chose his club over her and left her feeling used and alone. As vice president of Torpedo Ink, Steele is ride or die for the brothers he lived through hell with. The men she had searched for. She recognized the twins and her heart kicked into overdrive. How could she not recognize them? They were gorgeous men. As cold as ice, but beautiful. The one with the tattoos, Ice had been his name, suddenly lifted his gaze and met hers. Her heart stuttered at the recognition she saw in his eyes. She slapped the envelope onto the bar. At the sound of her voice, three women stirred in the far corner of the room, their sleeping bodies pushed aside by the man who lay under them. The movement drew her eye. He half sat, shoving at the dark hair spilling onto his forehead. It was thick and wild, a little out of control. He blinked drowsily at her. They stared at each another, her stomach lurching. Breezy threw dignity to the wind. She heard the sharp whistle following her, but she had already flung herself into her pickup and thrown it into reverse, foot stomping on the gas pedal. She pressed down hard, and the truck roared as it backed all the way through the rapidly closing gates. Men poured out of the clubhouse, she could see them through her windshield when she glanced at them, but they were mostly naked, and the gates had closed behind her with a loud clang. She was on one side, the side of freedom; they were on the other, those gates holding them in. For once, luck was on her side. About Christine Christine Feehan is the No. Find out more at www.

Beschreibung bei Amazon Christine Feehan is an American novelist who has already created and published greater than 40 novels and that includes four series. She specializes in the fantasy, romance and paranormal genre and her very first debut novel that was published in , Dark Prince, a book in the romance-paranormal section was a great success leading to her creations being consistently on the New York Times bestseller list, as well as in other publications like USA Today, Barnes and Nobles, Washington Post and Amazon. Christine is a versatile writer and branched off into other literary forms when she made a manga comic entitled Dark Hunger on October Her literary works are published in multiple formats- hardcover, e-book, large print and other popular types. The Ghostwalker Series The Ghostwalker world is complex, focusing on a group of people called the Ghostwalkers who are the product of a secret experimentation that enhanced their psychic mental powers to be used for military purposes by the famous scientist Peter Whitney. The Ghostwalker novel series started in and is still ongoing with no signs of stopping or slowing down. The novel series is already on 11 books and counting, starting with the first book titled The Shadow game and has published the last recent 11th book titled Viper Game, with the 12th one called Spider Game tentatively scheduled to be released in The series lays a foundation of science with paranormal elements right from the start and builds it with a groundwork of thriller and suspense with lots of action sequences thrown in each book and mission. The Ghostwalker series also covers different heroes and heroines in each volume. You can be sure that there are various kinds of chemistry and background at work for each pair, and each pair will develop into a different kind of love story. Other than the mentioned 11 books out, the novel series has not branched out into other media forms yet such as a TV show, a movie adaptation or other printed medium such as graphic novels, comics or manga. The Shadow Game In this very first book of the continuing Ghostwalker novel series, the reader is introduced to the brilliant and renowned Dr. Peter Whitney and his secret underground experiments with humans to turn them into an elite squadron for carrying out missions. His scientific experiments succeed, turning various military personnel into enhanced psychic men and women, each with a different and unique mental power. Things start to go wrong after that- the men started to die one by one in bizarre accidents, with unexplained and unknown results, most probably from backlash and side effects. But is there more than meets the eye? She meets and becomes instantly attracted to the leader of the Ghostwalker team, Captain Ryland Miller and this angle would introduce the romantic side of the novels. The story takes a turn for the worse and Captain Miller fears for his personal safety and life as the famous Doctor Whitney is murdered by someone who possibly may not wish to have his secrets uncovered. Christine Feehan has managed to introduce fresh writing in a paranormal form instead of the usual fantasy genre, and make it a lively and entertaining read with lots of action, suspense and mystery thrown in. The Mind Game The second installment of the highly recommended Ghostwalker series finds another special heroine, Dahlia Le Blanc, an extraordinary person who is gifted with the powerful ability of telekinesis, being targeted by mysterious assassins and is now fighting for her own life. Dahlia has been living a secluded and peaceful life, but was rudely interrupted by a series of life-threatening circumstances and events. She is not alone though, and meets up with Nicolas Trevane, a warrior who claims that he was sent to protect her. Nicolas is the Ghostwalker in this book, and if you were spellbound by the first book and if it left a good impression with you, it is noteworthy to say that you will not be disappointed with the second one. Christine Feehan continues with her unique ability to create a suspenseful atmosphere peppered with lots of action all throughout and does not let up with the scorching romance aspect between Nicolas and Dahlia. What would the ending be between these two fated people? Jack Reacher is back! Family secrets come back to haunt Reacher when he decides to visit the town his father was born in. Because when he visits there he finds out no-one with the last name of Reacher has ever lived there. It leaves him wondering - did his father ever live there?
