theinnatdunvilla.com: Dialogues and Essays (Oxford World's Classics) () by Seneca; Tobias Reinhardt Reinhardt and a great selection of similar New, Used and Collectible Books available now at great prices.

It is with some trepidation I write a review for a book that is years old. Makes me think what will happen to all these reviews? Will historians study them in the year ? It would be foolish of me to attempt to criticize Seneca or add some analysis that far more qualified readers would be better at writing. So I will confine myself to the extras this edition has and what it was like for a non-classicist to read this book. The introduction by Tobias Reinhardt was superb. It gave a clear background and insight to Seneca and his work. I found the section on his literary style particularly revealing. The other extra is the explanatory notes at the back. These were useful, informative and easy to find. These were great for a reader like myself who has no formal learning in Classics. As for the quality of translation by John Davie I could not comment but the translation was certainly very readable. As for the process of reading the book it was quite hard work. It is more that he covers big topics that provoke much thought. After 5 or 10 pages of reading I would be quite tired. As a result the book took weeks for me to finish. On the occasions I attempted to read it when feeling very tired I soon gave up - nothing was going in! Despite it being a bit hard work, the work impacted me. It every so subtly changed how I saw, felt and thought about the world, God, myself, life, death. As I said - all the biggies. This makes it worth the effort. Finally, if this your first foray into the world of Seneca then the Letters Letters from a Stoic: Epistulae Morales Ad Lucilium might be a better place to start. They are amazing but being shorter I found them easier to digest.

Chapter 2 : Dialogues and Essays - Seneca - Oxford University Press
