

Chapter 1 : Game Frogstastic online. Play for free

This is a bargain book and quantities are theinnatdunvilla.comn books are new but could include a small mark from the publisher and an theinnatdunvilla.com price sticker identifying them as such.

We are simply awesome! We always work as a team and are supportive and caring; we are like a great big family! Buddies We all have buddies from Reception in Year 3 some people have 2! At the start of the year we help them settle into school life by going to get our buddies for lunch at midday. We eat our lunch together and then go into the little yard to play with them. Once they are settled in we support our buddies on trips to the church, when making things in our house groups and when we see them around school. School Council Lewis, and Mia are the year 3 school council members. We agree on issues to do with our school and change them if necessary. We report to the class decisions we have made and take any issues children have to the meetings. We have meetings normally Wednesdays and Fridays. Eco Group Scarlett and Joseph, are the Eco group representatives. We have taken part in planting trees and plants. We planted some trees and we had to cover them up with soil then stretch the branches out. We could not do this without gloves on or we would get poorly. We learnt about diseases. If the bit of the log has a brown bit on it means it has disease. Snag Group Lewis and Ryan, are the Snag group members. We help around school to see what is going on. We agreed some rules to keep us safe at playtime. We decided only 12 people in the sand pit at once, no throwing sand around and we will put a sheet over the sandpit in the winter. Sometimes we take photos of displays in classes because they all have Rights Respecting displays. This means they are thinking about our rights as children. We always discuss how to improve our school and how to help others. Ancient Egypt In the first half term we learnt all about the Ancient Egyptians. We learnt about the Egyptian creation story matching the gods to their purpose. We researched different pharaohs and their pyramids making them out of Lego. We then learnt about mummification and mummified apples and tomatoes using natron a mixture of salt and bicarbonate soda originally found in the Nile to dry out our fruit pharaohs. Also we made papyrus paper and wrote our names in hieroglyphics on the woven paper. We are very proud of our Egyptian God art work which we created using tinfoil and permanent pens. Did you know Mount Fuji has erupted over 20 times? We made Top Trumps about different volcanoes, that we researched, which included interesting facts. We also learnt about earthquakes and discovered earthquakes happen because of the moving tectonic plates. They can form in different ways. We looked at the plate movement using Oreo cookies which we then got to eat! Earthquakes can create a tsunami. Music Every Thursday in the autumn term we have enjoyed the School of Rock and Pop who came into our class. Our coaches are called Leanne, the singer, and Luke, the guitar player. We have learnt 14 songs. We will be singing these ones at our Christmas sing along:
