We sell donated goods to provide employment and training opportunities for people who have disabilities and others who have trouble finding and keeping jobs. About Our Inventory Our business hours are 7: E-mails will not be read or responded to on the weekends, or after 3: Due to volume and storage constraints, we are unable to answer specific questions concerning specific items. This is due to the fact that we generally have over 20, items in inventory. The ranking the item receives does describe the item. Books - New books are Brand New and have never been read. Good books have minimal wear to covers and spine and the pages are clean. Acceptable means the covers and jacket have wear and there may be writing, underlining, or highlighting on the pages. Discs - A ranking of New means it is in shrink wrap and has never been used. A Good ranking means the disc may have some scratches and smudges, but is in playable condition, and the case may have wear and tear as well. All discs found to have damage will be refurbished using professional refurbishing equipment, prior to shipment. None of our discs are tested prior to listing or shipment. All discs require the case, artwork, and back insert to be included for listing. On video games, the manual may not be included. All other information concerning the item is contained in the description. Payment We accept PayPal for all eBay orders. Shipping We only ship within the United States. Please note that items sent via Media Mail may take 10 to 30 days to arrive. The USPS tracking number is used simply for delivery confirmation, and may not necessarily give a stop-by-stop report. Returns Your satisfaction is very important to us. Please contact us via the methods available within eBay regarding any problems before leaving negative feedback. Any defects, damages, or material differences with your item, must be reported to us within 7 days of receipt of the item or 30 days from date of shipment. The returned merchandise must be postmarked within 30 days of the shipment notification. Non-deliveries must be reported within 30 days of Shipment Notification.

Chapter 2 : Hood (King Raven, #1) by Stephen R. Lawhead

Authors: Stephen R. Lawhead. Hood (King Raven Trilogy, Book 1). Title: Hood (King Raven Trilogy, Book 1). Good books have minimal wear to covers and spine and the pages are clean.

Jan 29, Alex Telander rated it really liked it Stephen R. In , for those looking to read the trilogy for the first time, or for those hardcore fans, Thomas Nelson released all three books in a single mighty volume, allowing readers to put it up on their shelf next to their copie Stephen R. In , for those looking to read the trilogy for the first time, or for those hardcore fans, Thomas Nelson released all three books in a single mighty volume, allowing readers to put it up on their shelf next to their copies of *The Once and Future King* and *The Lord of the Rings*. Then all that changes when a group of Normans invade the Welsh kingdom and his father is killed, making Bran the automatic heir. Except the Normans seize the kingdom, awarding it to a bishop and care little for Bran and his supposed claim to this throne. Thwarted in London, he is told he can have his kingdom back for a ridiculously high amount of money. So Bran sets about getting the money the only way he knows how: Stephen Lawhead presents the first of his impressive trilogy on Robin Hood in *Hood*, explaining his detailed research in the afterword, and pointing out the unlikelihood of this character living in the thirteenth century in Sherwood Forest and going against King John. Lawhead posits Robin Hood living in the late eleventh century in the time of William the Conqueror and his overtaking of Britain with his Normans. Bran is a Welshman, and the Normans cared little for this distant part of Britain, except when they wanted to make it their own. It makes perfect sense that a man out of legend would rise up to help the people against these dastardly Normans. Lawhead also pulls from Celtic mythology to blend this story that might well have been, seamlessly. *Hood* is a great and riveting work of historical fiction that will have any fan of the genre hooked. In *Scarlet*, the book opens with the framing tale of Scarlet, who is in prison and sentenced to be hanged. In the brief time before his execution, Scarlet tells his story of losing everything and becoming a forester when he meets this King Raven. The book comes to its climax as Scarlet must choose whether to be executed, or to give up the secret location of King Raven and his men. With the treacherous Abbot Hugo and the evil and bloodthirsty Sheriff de Glanville, it will take everyone working together to bring these Normans to their knees once and for all and send the firm message to King William the Red that King Raven and his Welshmen will not be crushed. Lawhead rounds out the trilogy in a great way, bringing it all to a satisfying close, but still with plenty of action and subplots and complex goings on. Again blending the history with the Welsh mythology, it is a very enjoyable read seen through the eyes of a new character. For more reviews, check out [Bookbanter](#). The whole trilogy tells the tale of Robin Hood and his merry men in a specific Welsh setting that matches up with historical figures who would have been living in Wales during the Middle Ages. When his father, the king, dies in a border skirmish with the French, he flees his call as heir to the throne and enters the deep forests, not wanting to take responsibility for his people and their kingdom. However, Bran becomes gravely injured by some soldiers wishing to take him home and is left for dead in the heart of the woods. When an old hag stumbles upon the heir, she takes him under her wing and cares for him until he is completely healed after many months. All that time, she was also grooming him to become the king she can sense he must become - "Rhi Bran", or "King Raven". Again, this novel is very interesting and entertaining - full of action, adventure, and realistic, relatable characters, earning a full four stars. *King Raven* is one of those It is a retelling of an age-old story, but what a retelling. But at the introduction of characters two and three I could hardly wait to see how he introduced the main protagonist. Not to be disappointed. In addition to the wonderful story telling, the way Mr. Lawhead interpolated ancient namings with current mythology made for exquisite reading. Here, he re-imagines the Robin Hood legend in a specific Welsh historical setting. The characters are well developed. The plot is interesting. The motivation of Robin Hood is justice, for which he will give his life and in pursuit of which he will never give up. The progress of the books is unflagging and the conclusion highly satisfying.

Chapter 3 : The King Raven Trilogy: Hood 1 by Stephen R. Lawhead (, Hardcover) | eBay

His novels include Hood, Book One in the King Raven Trilogy, Patrick, The Song of Albion trilogy, the Dragon King trilogy and The Pendragon Cycle series. Lawhead makes his home in Oxford, England, with his wife.

Tuck by Stephen R. Fantasy Time to Read: I must confess that this third novel in the King Raven Trilogy was a slower starter for me than the others. Tuck did not let me down, and it left me wanting to visit more of Stephen R. Please forgive the delay in my posting of this review. My new eReader makes it too easy to move on to the next book, and I quickly get lost in it and forget to blog! I promise to get better. There will be two more coming very soon! Check out Stephen R. Scarlet by Stephen R. Inspired by tales of the King Raven, Will sets off to find the outlaw and join him if he can. Upon meeting Bran ap Brychan and his flock of followers, Will finds himself among friends risking his life to help the rightful king of Elfael save his people and drive out the invaders at the risk of his own life and freedom. Another amazing book by Lawhead. Scarlet threw me off in the beginning due to the fact that the style of it is very different from that of Hood. In Scarlet, however, Lawhead changes gears. The point of view alters, and it actually changes between present and past tense this is done very well between chapters and chapter breaks. Still, after I became accustomed to the style of this novel, Scarlet was impossible to put down and I even found it in some ways better than Hood. Because it is a lot of first person narration, the reader gets an intimate insight into the character of Will Scarlet. Will is proud, loyal, clever and brave. He speaks of himself in the third person, and he enjoys poking fun at the scribe who is writing down his tale despite the noose he knows is waiting for him when he finishes. It is, perhaps, the characterization of Will Scarlet that made me enjoy this novel even more than the first in the series. The story, itself, is also very enjoyable. I highly recommend it to anyone who likes fantasy, historical fiction and Robin Hood tales. Hood by Stephen R. When I picked up this book, I was expecting a Robin Hood story, but Hood is not your typical re-telling of this age-old legend. Lawhead puts a twist on it, taking Robin out of Sherwood Forest and transforming him into a prince-turned-rogue. Now, forgive me if this review is short.
