They reveal a mystery so deep that Megan is compelled to question her very existence and set forth on a quest to find the answers. Characters[edit] Megan Amano ShutterBox is a pink-haired, short American girl of Japanese and English descent who often gets teased about looking like a child. She has an odd laugh when nervous and tends to panic easily. Her father died of a heart attack before the first volume, for which she blames her mother "Frankie". Being known as a geek in science fiction, she has trouble making friends and prefers to either read fantasy books or write in her diary. Due to a banshee attack, Megan is sharing bodies with the doll-like queen of Merridiah, Laahli. She had three children with Dane, but raised all eight of his children with him. She and the children fled on a boat to America but it sank and they all ultimately drowned; the children were cursed to stay with Dane in Immiserriah until Laahli freed them to be reborn on Earth. Megan, however disappeared for a long time until now. She quickly takes a liking towards muse AJ and a disliking towards his brother Dane. During the time he should spend musing he spends teaching and playing with the beebos the alternate forms of the children of Megan and Dane. Because he is under the same curse as AJ, he lost his conscience. In the s he was married to Megan and fathered eight children three of them with her; which are Isabella, Arthur and Malachi He tends to be a jerk and hold a long-standing grudge against Megan because he believes she broke his heart in their past life. Dane kept his children in Immiserriah while Megan was missing. Because of the curse, Dane can never come out to the Mindfields where Khaa lives; Khaa attacks him if he does. He has a relationship with Dagny in Merridiah. Thom also keeps a host of pixies under his hat. Megan Amano is wandering the beach trying to seek slight solitude from her friend Dagny and fellow students. Later on, Megan is in therapy, requested by her mother Frankie, talking about her dreams to her therapist, Peiter Troia. She tells him about a place that she visits when she dreams, a place called Merridiah. While there she sees Adrien running through the fields. Once she is given a more sophisticated dress instead of her sleepwear, she is sent to the fields with a letter that she must give to AJ. She landed next to a banshee and accidentally gives it attention, causing it to explode. Megan continues her journey in finding muse. After she catches him literally she gives him his letter and he leaves her there, alone.
