

Chapter 1 : Aviation History Book Review: Stick and Rudder | HistoryNet

But Stick and Rudder remains the leading think-book on the art of flying. One thorough reading of it is the equivalent of many hours of practice. One thorough reading of it is the equivalent of many hours of practice.

This book explains precisely what pilots do when they fly, just how they do it, and why. These basics are largely unchanging. The book applies to large airplanes and small, old airplanes and new, and is of interest not only to the learner but also to the accomplished pilot and instructor. Today, several excellent manuals offer the pilot accurate and valuable technical information. But Stick and Rudder remains the leading think-book on the art of flying. From the Back Cover: The invisible secret of flight--the Angle of Attack. The visual clues by which an experienced pilot unconsciously judges: A foolproof method of making a landing approach across pole lines and trees. The elevator and the throttle. One controls the speed, the other controls climb and descent. The paradox of the glide. By pointing the nose down less steeply, you descend more steeply. By pointing the nose down more steeply, you can glide further. Then what does it do? How a turn is flown. The role of ailerons, rudder, and elevator in making a turn. The visual clues that tell you where the ground is. This is probably the only analysis of tail-draggers now available to those who want to fly one. A strong advocacy of the tricycle gear written at a time when almost all civil airplanes were taildraggers. Why the airplane usually flies a little sidewise.

Chapter 2 : Cumulus Soaring, Inc. - Stick and Rudder

"Stick and Rudder" is the first exact analysis of the art of flying ever attempted. It has been continuously in print for thirty-three years, and has enjoyed steadily increasing sales. Flight instructors have found that the book does indeed explain important phases of the art of flying, in a way the learner can use.

The invisible secret of all heavier-than-air flight: How lift is made, and what the pilot has to do with it. The visual clues by which an experienced pilot unconsciously judges: A foolproof method of making a landing approach across pole lines and trees. The elevator and the throttle. One controls the speed, the other controls climb and descent. The paradox of the glide. By pointing the nose down less steeply, you descend more steeply. By pointing the nose down more steeply, you can glide further. Then what does it do? How a turn is flown. The role of ailerons, rudder, and elevator in making a turn. The visual clues that tell you where the ground is. This is probably the only analysis of tail-draggers now available to those who want to fly one. A strong advocacy of the tricycle gear written at a time when almost all civil airplanes were taildraggers. Why the airplane usually flies a little sidewise. Stick and Rudder is the first exact analysis of the art of flying ever attempted. It has been continuously in print for thirty-three years. It shows precisely what the pilot does when he flies, just how he does it, and why. Because the basics are largely unchanging, the book therefore is applicable to large airplanes and small, old airplanes and new, and is of interest not only to the learner but also to the accomplished pilot and to the instructor himself. When Stick and Rudder first came out, some of its contents were considered highly controversial. In recent years its formulations have become widely accepted. Pilots and flight instructors have found that the book works. Today several excellent manuals offer the pilot accurate and valuable technical information. But Stick and Rudder remains the leading think-book on the art of flying. One thorough reading of it is the equivalent of many hours of practice.

At Bonnier Corporation, your privacy is important to us. This Privacy Policy applies to all of the products, services, and websites offered by Bonnier Corporation and its subsidiaries or affiliated companies collectively, "Bonnier". To better protect your privacy, we provide this notice explaining our privacy practices and the choices you can make about the way your information is collected and used by Bonnier. Jeremy Thompson, General Counsel N. Privacy Department N. Orlando Avenue, Suite Winter Park, FL You may also ask for a summary of the information that we have retained, how we have used it, and to whom it has been disclosed. For your protection, we may require that you authenticate your identity before we provide you with any information. An overview of the information that Bonnier may collect You are able to take advantage of many Bonnier products, services, and websites without providing any information that personally identifies you by name, address, or other personally-identifying information. We only collect personally-identifying information when you voluntarily submit it to us. Sometimes, we need personally-identifying information in order to provide you with the products and services that you request. Depending upon the product or service, we may ask you for a variety of personally-identifying information. This might include, for example, your name, address, e-mail address, telephone number, gender, and birth date. We may also ask for other information about you, such as your credit card information when you are making a purchase , interests, income, or education level. We consider certain identifying information "sensitive. Some types of personal information will NEVER be requested or collected, such as information on your race or ethnic origin, political opinions, trade union memberships, religious beliefs, health, sex life, or sexual orientation. You may choose not to provide us with any personally-identifying information. In that case, you can still access and use many portions of our websites; however, you will not be able to access and use those portions of any Bonnier website that require your personal information. Many Bonnier websites include community features, such as online forums and message boards. Information that is posted in these areas becomes public information and the use that any third party makes of this information is beyond our ability to control. You should exercise caution before disclosing any personally-identifying information in these public venues. If you elect to submit content that includes information that can be used to identify you, you must assume that the content can and will be displayed on any website on the Internet. At some Bonnier sites and through certain promotions, you can submit personally-identifying information about other people. Some Bonnier websites also provide referral services to help you inform a friend about our websites, products, or services. We will only ask you for the information about your friend that we need in order to do what you request. Our properties may feature Nielsen proprietary measurement software, which will allow you to contribute to market research, such as Nielsen TV Ratings. To learn more about the information that Nielsen software may collect and your choices with regard to it, please see the Nielsen Digital Measurement Privacy Policy at [http:](http://) These companies may use information you have shared e. Our partners use this information to recognize you across different channels and platforms over time for advertising, analytics, attribution, and reporting purposes; any information collected is stored in hashed or non-human-readable form. These companies typically use a cookie or third-party web beacon to collect this information. To learn more about this behavioral advertising practice or to opt-out of this type of advertising, you can visit [http:](http://) Bonnier websites sometimes may offer contests, sweepstakes, or promotions that are sponsored by or co-sponsored with identified third parties. By virtue of their sponsorship, these third parties may obtain personally-identifying information that visitors voluntarily submit to them in order to participate in the contest, sweepstakes, or promotion. If a third-party sponsor beyond our control will obtain information that you supply us, we will notify you at the time we collect the information from you. Some of our websites contain links to other sites. By clicking on these links, you will leave the website operated by Bonnier and this Privacy Policy will no longer apply. How we use the

information we collect We use the personally-identifying information that you provide us to fulfill your requests for our products, programs, and services, to respond to your inquiries about offerings, and to offer you other products, programs, or services that we believe may be of interest to you. We sometimes use this information to communicate with you, such as to notify you when you have won one of our contests, when we make changes to subscriber agreements, to fulfill a request by you for an online newsletter, or to contact you about your account with us. We do not use your personal information to make automated decisions. We may syndicate the publicly available content of our community areas to unaffiliated third-party websites, using RSS or other technologies. The information you have shared in the community areas may be included in this syndication. We will use the personally-identifying information that you provide about others in order to provide the products or services that you have requested; for example, to enable us to send them your gifts or cards. These lists will never contain sensitive information. If you do not wish for your e-mail or postal address to be shared with companies not owned by Bonnier who want to market products or services to you, you have the opportunity to opt out, as described below. You may also opt out of the receipt of any marketing materials from Bonnier as described below. We may transfer your sensitive personally-identifying information to other Bonnier offices for internal management and administrative purposes. In addition, your personal data will be transferred to other Bonnier offices where necessary for the performance or conclusion of our contractual obligations to you or for your benefit. Transfers of personally-identifying information may also be made where necessary for the establishment, exercise, or defense of legal claims. We do not transfer personal information internationally. Bonnier will only share your sensitive personal information with outside companies or individuals in any of the following limited circumstances: When we use trusted businesses or persons to process personal information on our behalf. Before sharing any personal information with outside parties, we require that these parties agree to process such information based on our instructions and in compliance with this Privacy Policy and any other appropriate confidentiality and security measures. Before we share your sensitive personal information outside of the previously listed circumstances, we will ask you for permission first. Please note that this only applies to sensitive information, as defined above. We may also use, transfer, sell, and share aggregated, anonymous data about our users for any legal purpose, such as analyzing usage trends and seeking compatible advertisers and partners. In no event will this aggregated data contain any information that could be used to identify individual users of our products or services. How we protect the safety and integrity of the information we collect We take appropriate physical, electronic, and procedural measures to safeguard and protect your personal information. We use a variety of security measures, including encryption and authentication, to maintain the confidentiality of your personal information. We store your personal information on systems behind firewalls that are only accessible to a limited number of persons, each of whom is required to keep the information confidential. When you transmit sensitive personal information to us, like credit card information, we offer the use of a secure connection to our servers. To the extent you select the secure connection method or your browser supports such functionality, all credit card account information that you supply is transmitted via secure encryption technology. We will provide notice if we become aware of any security breach that may affect any sensitive personal information pertaining to you that we have stored on our systems. Bonnier employees, agents, and contractors who have access to personally-identifying information are required to protect this information in a manner that is consistent with this Privacy Policy and may not use the information for any purpose other than to carry out the services they are performing for Bonnier. These individuals are bound by confidentiality obligations and may be subject to discipline, including termination and criminal prosecution, if they fail to meet these obligations. Bonnier only collects personal information that is relevant to the purposes for which it will be used. Though we do take appropriate steps to review and update the information that we store to ensure that it is accurate, complete, and current, we also depend on you to update or correct your personal information when necessary. You may correct or delete any or all of the personal information you have provided to us at any time. Many of our websites provide means to review and update the personal information that you have provided on that website. To inquire about personally identifiable information that Bonnier has collected about you, or about other ways to correct factual errors in that information, please send us an e-mail at privacy@bonnier.com

Chapter 5 : Stick and Rudder: An Explanation of the Art of Flying by Wolfgang Langewiesche

Stick and Rudder helped me interpret the required FAA text and in fact the latter seems to have cribbed material from the former. Definitely get this book. Learning to fly is complex enough and the more tools you have to simplify the process, the better.

Chapter 6 : Stick and Rudder by Wolfgang Langewiesche | Pilots of America

Stick and Rudder: An Explanation of the Art of Flying by Wolfgang Langewiesche In aviation writer and test pilot Wolfgang Langewiesche wrote Stick and Rudder, a primer about flying that was destined to become a classic of aviation literature.
