

Chapter 1 : Western Uranium and Vanadium: A VERY Timely Name Change

Streetwise Independent Consulting: Your Comprehensive Guide to Building Your Own Consulting Business Kindle Edition by.

One glance at the two charts below is all that is needed to see why Western Uranium Corp. On September 27, the company put out a news release updating the market on a number of developments, the most interesting and appropriate being the name change that will take effect in early October. However, the main price driver for vanadium lies in new Chinese building code requirements pertaining to the need for high-strength steel in the construction industry. That coupled with air quality requirements has served to shift China from net exporter to net importer of vanadium. In addition to the big move in vanadium, uranium is ahead 5. The decision to highlight vanadium in the new company name lies in its 35 million pound resource, the bulk of which is situated in the Colorado-based Sunday Mine. With the Section investigation into uranium imports, domestic uranium resources are certain to favor U. I view this as an extremely shareholder-friendly action by management and one which enhances the optics for the prospective new shareholder as well as solidifying loyalty for existing ones. I am adding a chart courtesy of John Newell of Fieldhouse Capital Management simply to provide readers with an independent assessment of the technical position of WUC. Chart courtesy of John Newell and Stockcharts. We are entering into a seasonally powerful time of the year for the uranium space and as the chart of Cameco shown below would illustrate, from now until late February should be a high-performance window for the uranium space and those with the all-important vanadium "kicker" such as WUC should be exceptional performers. Lastly, the company is embarking on a series of investor conferences and private meetings commencing in October with the intention of eradicating the deep discount that exists when compared to peers. A similar market cap to share price ratio would have Western Uranium and Vanadium Corp. For those interested in viewing an analysis of 30 uranium developers and producers, contact me and I will be pleased to send it along. Originally trained during the inflationary s, Michael Ballanger is a graduate of Saint Louis University where he earned a Bachelor of Science in finance and a Bachelor of Art in marketing before completing post-graduate work at the Wharton School of Finance. Ballanger takes great pleasure in visiting mineral properties around the globe in the never-ending hunt for early-stage opportunities. I, or members of my immediate household or family, own shares of the following companies mentioned in this article: I personally am, or members of my immediate household or family are, paid by the following companies mentioned in this article: My company has a financial relationship with the following companies referred to in this article: Bonaventure Explorations Limited is owned by me and my wife and has earned consulting fees from Western Uranium in the past. I determined which companies would be included in this article based on my research and understanding of the sector. Additional disclosures are below.
