Chapter 1 : Prima Games is releasing a Super Mario Odyssey Strategy Guide - NinMobileNews

Super Mario Odyssey Prima Official Guide. \$ Super Mario Odyssey eGuide. \$ News Super Mario Odyssey Guide - All Collectibles, Secrets.

Embark on a Cap-tivating Journey! Grab this guide and pack your bags! Our detailed maps show you just where to find every Power Moon and Regional Coin. Grab amazing souvenirs, fill your closet with regional outfits, earn every Achievement, and More! Includes a code to access the eGuide, a web-access version of the complete guide, optimized for a second-screen experience. I bought it mostly out of my childhood obsession I had with these player guides. I never owned any official player guides growing up, I always got the unofficial Prima ones. Great Illustrations and a great addition for a collector By Thecasualfriday on Mar 06, This is great for those of us who wanted something tactile besides the internet. I mostly wanted to have it for a coffee table book too since this game is so beautiful. Great addition to the game By Mom 2 Twin Snowflakes on Mar 15, I remember begging my dad to take me to the book store to get me the cheat book on Super Mario 3 as a kid. However, I was older and it was only text, but it worked for me. I have passed on my love of Mario games to my five year old twins mommy is a closet gamer. There are a ton of photos in this book and it makes it easy for my girls to find the purple coins and hidden moons. Nice addition to the Odyssey game. My kids love looking at the photos and talking about moons they already got. The virtual guide that comes bundled with the book is equally disappointing as it requires a constant online connection to use and lacks the search and bookmarking functions of document readers; Prima Games could have easily resolved these issues by instead providing a PDF or ePUB version of the guide. Great, Nice Quality Book By Laura Bailey on Dec 04, I received my book today and was very impressed by the quality of the book and all the detailed information inside, which will be great for when I play my new game! By Jonathan on Nov 02, This guide is amazing. Looks great an has fantastic details. Brings back memories from when I owned the Super Mario 64 game guide! I have never bought game guides before but decided I wanted to get more stuff in this game and it was a good price. Quality of the print work is awesome. I also bought the smaller paper back Mario Kart. The hard cover is nice. For the collectors and gamers. This book has incredible detail from cover to cover and can be a really nice shelf trophy. Add a Book Review Book Summary: This particular edition is in a Hardcover format. It was published by Prima Games and has a total of pages in the book.
