

## Chapter 1 : Top Ten Attractions in Argentina | theinnatdunvilla.com

*Teens in Argentina The government is dedicated to quality education so teens almost always get one. Urban schools in Argentina get more funding than rural ones.*

The Europeans first arrived in Argentina in and established their own settlement in Buenos Aires. Throughout the next two hundred years settlements were established and then abandoned. Then, in they established a constitution that is still used today in the country. Argentina also has a legislature that contains Congress, Senate and a Chamber of Deputies. Siestas are short naps that people all around the country partake in. During siestas many businesses and schools close down, and everyone in the country relaxes. There are even a few hotels in the capital city that rent rooms specifically for siestas. Kids and adults both get into the game and love to play it during their free time. Often kids will start up a game of soccer in the streets outside their house and play all evening with their friends. Many pampas are owned by gauchos, or cowboys. Gauchos herd cattle and ensure that all of their cows are properly fed and kept healthy. When it is summer time in the United States, it is winter in Argentina. The Andes Mountains are great tourists attractions and provide people with abundant hiking and camping lands. Ballroom dancing is a great activity that many people partake in on a daily basis. Many ballroom dances originated in the country including the tango. Historically, the tango originated in the slaughterhouse district in Buenos Aires. At first, the elite citizens in Argentina looked down upon the dance, and thought of it as a dance of the poor people, however as their children began entering the ghettos of Buenos Aires in search of a good time the dance became popular. These teens brought the tango back to their friends and families and it immediately gained popularity throughout the country and the world. This film was 70 minutes long and had over 58, frames. The first instance of fingerprinting occurred after a particularly gruesome murder occurred in a small Argentinean town. The murder was not witnessed by anyone; however the murderer left a bloody fingerprint at the crime scene. The police used the bloody fingerprint to correctly identify the murderer. The oldest dinosaur species ever to be identified was traced back to both Argentina and Brazil. For this reason, many paleontologists travel to Argentina to search for more clues about this rare dinosaur and others. The original European settlers believed that the country was full of silver, and established towns in the country in order to search for the precious metal. Unfortunately, no silver was ever found. Five people from Argentina have won Nobel Prizes in the categories of science and peace. This festival celebrates the birth of Jose Hernandez, an Argentinean poet who is considered to be one of the greatest literary figures of the country. The festival is a weeklong and contains concerts, food, parades and parties.
