## Chapter 1 : The Instagram Guide To Honolulu - CommuniKait

*The definitive travel guide to Hawaii's most popular, most populous, most taken-for-granted island. Of course, Oahu is home to Waikiki and Honolulu.*

Hawaii is actually made up of eight islands, but Niihau and Kahoolawe are both off limits to tourists without special permission and permits. Also included were Lanai and Molokai , the smallest of the six islands, both of which provide that much needed connection to Hawaiian history and tradition. Now we move onto Oahu , home of Honolulu and Waikiki Beach, and Hawaii the Big Island , home of five volcanoes, three of which are active. Perhaps the most famous site in all of Hawaii is Leahi Diamond Head State Monument , a acre land crater created more than , years ago from a single explosion. For some Hawaiian history, the Polynesian Cultural Center takes visitors back in time to the days of the Polynesian monarchy, long before Hawaii was ever part of the United States. Also located on Oahu is the Dole Plantation , which offers a tour, a garden maze, and even a train tour, which is popular with children. Admission to the Dole Plantation is free, but activities each have a cost. Finally, a trip to Pearl Harbor is a right of passage for visitors to Oahu. But no trip to Oahu is complete without a visit to the North Shore , just about an hour-long drive from Waikiki. There are places to eat, shop, and hang with locals, but most importantly, there are places to surf. Waimea Bay , Ehukai Beach Banzai Pipeline and Sunset Beach are some of the most coveted beaches in the world, and taking a day to explore the North Shore will provide a mini escape from the madness of Honolulu. There are hundreds of miles of coastline for surfers, swimmers, and snorkelers, as well as volcanoes with ever-changing landscapes. The west side of the island, Kailua-Kona , is home to the larger resorts and world-class golf courses. Hilo , located on the east side of the island is home to a rainforest, waterfalls, and red-hot flowing lava. The Big Island has a little bit of everything and will definitely provide that thrill-seeking adventure some travelers crave. To get a sense of what the entire island has to offer, most guests opt to take a helicopter tour to get an up-close look of hidden waterfalls and fresh lava flows. Zip-lining, whale watching, scuba diving, hiking, biking, and camping are popular as well. For the ultimate in dolphin experiences, the Sunlight on Water dolphin eco-tour is the best way to behold the magnificence of the animals, as the company operates with the utmost respect and care for them while still providing an incredible memory. Four Seasons Resort Hualalai , set on the North Kona Coast, offers a dramatic mix of white-sand beaches and black-lava landscapes. The expansive open-air living spaces provide an authentic, yet luxurious, Hawaiian experience.
