on six strategy books organized around fundamental comprehension strategies: *Lessons and Texts for Comprehension Across the Curriculum* contains new lessons that integrates and extends all six strategies across the curriculum. Each strategy lesson guide provides a lesson frame, modeling and language to follow the ready-to-go lessons at any grade level, as well as suggestions for designing new strategy lessons to fit any curriculum. A digital companion resource provides all of the texts and teaching resources in a full color reproducible format. Within the *Comprehension Toolkit*, the authors mentor the educator along the way through scaffolded and modeled lessons, teaching tips, lesson previews, and much more. The professional resources introduce, support and extend core lessons. Online resources provide videos of modeled *Toolkit* lessons and author interviews to support day-to-day teaching incorporating author narrated lessons in action, and print resources with think sheets, assessment masters, record-keeping forms, lesson texts, research articles and full-color lesson texts.
