By Dean Napolitano 20 October Hong Kong has long been a plum post for expatriates looking to round their international experience. Yet, it packs a cultural punch. Gleaming modern skyscrapers with luxury office suites, high-end European fashion boutiques and Michelin-star restaurants tower above shops selling traditional Chinese goods. A recent report showed that the number of foreign residents from Australia, Britain and the US, as well as Japan and Singapore, has declined. View image of Credit: Getty Images The city has had a long relationship with Britain - it began its storied history as a British colony in and was returned to China in But there is demand for expats from professional service firms, such as law and consulting, as well as senior positions in the commerce and industry sectors, including C-suite roles, managing directors, and directors of finance and human resources. The Hong Kong government is investing heavily in financial technology, or fintech, and businesses are looking to attract foreign expertise in telecommunications and information technology, Bennett says. Many middle-class Hong Kong families hire full-time domestic helpers , something that for most expats is an unaffordable luxury back home. Where to live Hong Kong consists of three distinct areas: Hong Kong Island, which includes the central business district; the Kowloon peninsula across Victoria Harbour; and the New Territories, which includes more than islands. Getty Images Most expats “ especially those working in professional services ” live on Hong Kong Island, where many of the multinational companies are based, but foreigners are spread out all over the city. But, many professionals with incomes far less than what top executives earn can still live comfortably in this densely populated city, although notoriously high rents often means living in smaller apartments than what they might be used to back home. Getty Images Prefer to buy? Beware, the market is notoriously volatile. Family life Competition for admission of expat children into international schools is fierce. Ruth Benny, founder of Top Schools, a consultancy that helps parents find schools for their children, recommends that expat families apply as soon as they know they are relocating to Hong Kong “ or even before the job deal is signed. And you may not get your first choice. Companies generally will assist relocating employees with the streamlined process. All Hong Kong residents aged 11 and over, including expats, are also required to obtain a smart ID card, which has distinct advantages: Settling in Expat life in Hong Kong often means being very socially active, and many foreigners expand their circles with memberships to both professional and recreational clubs. Private sports clubs include golf, cricket, yachting and the Hong Kong Jockey Club, which was founded in The city also has many chambers of commerce and professional organisations, which are great for networking. Cultural know-how English is widely spoken in the business world and service industries that engage with large numbers of foreign customers. But the differences are something she has embraced. We are foreigners here.
